## For Information

☞ Professor Robert Faff (Bond University & Emeritus UQ) is creating an exciting new global research network primarily aimed at **research training capacity building**, resting on a foundation theme of responsible science. Importantly, the network aims to inclusively embrace like-minded university researchers centered on the multi-faced utility provided by the Pitching Research (<http://ssrn.com/abstract=2462059>) framework, as a natural enabler of responsible science.

☞ Here are three quick headlines:

- i. The network name is “International Society of Pitching Research for Responsible Science” (**InSPiR2eS**).
- ii. For a 2-Page Summary: **What? Why? Who? How? & When?** Go to: <https://bit.ly/3xhYWfC>
- iii. After just a short time ... the **InSPiR2eS** research network has >250 members, spanning 65 countries/jurisdictions (see: <https://bit.ly/3sJWf34>)
